

## Repentance, Reconciliation, and Re-Formation *Re-commissioned after 20 years*

Twenty years after the bloodshed of the Tiananmen Square Massacre, Chinese Christian leaders gather in a solemn assembly. In an act of forgiveness, repentance, reconciliation, and re-formation, Chinese leaders unite under the headship of Jesus Christ. Many of the leaders suffered severe repercussions at the hands of authorities for their participation in the peaceful protest that ended in the massacre of thousands. The estimated number of students killed was up to 3,000, with more than 10,000 later executed by the government. In the aftermath of the massacre, the failure of the movement and in their search for truth, these leaders found hope and reality in Jesus Christ.

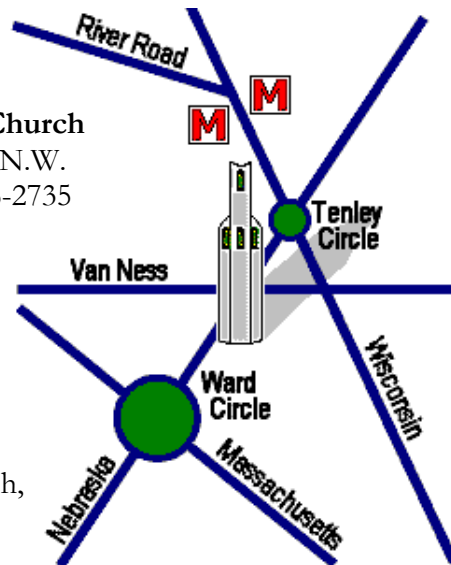

Please join us for this historic event as Chinese and American Christians stand together to usher in a new day of true hope and justice for China.
